SP Staffing Partner

13 IT SPECIALISTS IN 7 LOCATIONS FOR A GLOBAL SOFTWARE DEVELOPMENT PROVIDER

Company name: DataArt

Industry: Software Development

Location: New York, NY., USA

Company size: 6,000+ employees

ABOUT DATAART

Since 1997, DataArt has helped clients all over the globe create custom software that improves their operations.

The company is known for its highly-trained engineers and deep industry sector knowledge.

CLIENT'S REQUEST

DataArt has an ongoing need for **skilled developers in many locations** such as the US, Ukraine, Latvia, Poland, Bulgaria, Serbia, Cyprus, Georgia, Armenia, Kazakhstan and several countries in Latin America.

The range of technology needed is also large, so they turned to us for help.

Project Account Manager
Snizhana Khadzhy
Global Recruitment Lead at StaffingPartner

OUR APPROACH

The main challenge in the case of DataArt is not even the number of vacancies, but rather the **fast-changing needs i**n candidates. To stay efficient, we prioritize tasks and widely distribute them among the team.

DataArt has hired 13 specialists with us:
7 Senior/Middle AQAs in Poland, Bulgaria, Ukraine, Cyprus, and Serbia; 2 Senior Java in Latvia and Poland; Middle DevOps in Ukraine; Middle FullStack in Poland; Middle Sitecore in Serbia; Senior BDM in the USA.

RECRUITER'S COMMENT:

> *DataArt gave us a great opportunity to improve our recruitment strategy in different locations and within various technologies.*
>
> *The key to success is a **well-organized process** in our team and a constant flow of candidates, so we always have applicants to present to clients," said Snizhana Khadzhy, Global Recruitment Lead at StaffingPartner.*

CLIENT'S COMMENT:

> *We have a continuing need for software development specialists, so we turned to the StaffingPartner team to help us out with the recruitment process.*
>
> *The most impressive thing about StaffingPartner is that they are efficient in **finding the right candidates.** They are not afraid of challenges and work on many **positions in different locations simultaneously.***

THE OUTCOME

DataArt is one of our ongoing clients, and so far we have **closed 13 positions** for them.

This number is growing as you read this text, because fast and efficient recruitment is the main priority for our team.
