They've been looking for **Java, C++, .NET**, and **Python** developers, as well as **DevOps** and **Business Analysis** specialists in Ukraine.

Project Account Manager

Veronika Pichko

Recruitment Team Lead at StaffingPartner

OUR APPROACH

We have more than 300,000 pre-vetted tech professionals in our candidate database, so it's no surprise that we could identify specialists who met the client's requirements quickly.

StaffingPartner has **separate teams of experts** who focus on various technologies and markets, allowing us to move quickly and efficiently when it comes to closing multiple positions for one client.

RECRUITER'S COMMENT:

“Closing 6 seniority positions simultaneously would've been a daunting task.

But we have what it takes to meet a large IT companies' demand for tech talent - **a big high-quality candidate database** and a team of skilled recruiters,” said Veronika Pichko, Recruitment Team Lead at StaffingPartner

THE OUTCOME

After an intense recruiting process, we managed to find and present the client with **255 well-qualified** candidates for those vacancies.

As a result, the client could choose the best to fill all 6 positions.

CLIENT'S COMMENT:

“Compared to other recruitment companies, Staffing Partner showed us quality results in terms of speed and availability of **qualified candidates**.

Their approach was agile and efficient along with constant feedback allowing us to make highly **informed decisions**.
