# 15 TECH SPECIALISTS FOR A UK-BASED HEALTH CARE STARTUP

Company name: C the Signs

Industry: Health Care Tech

Location: London, United Kingdom

Company size: 50+ employees

## ABOUT C THE SIGNS

Our client is a startup that developed a cancer prediction system. Their technology helps clinicians identify a patient's cancer risk in just 30 seconds.

With early diagnosis of all varieties of cancer, healthcare providers give their patients the best chances to survive the disease.

## CLIENT'S REQUEST

The client was looking for 15 tech specialists to assemble an effective team for their R&D office in Ukraine. In particular, they needed **4 FE React Developers, 4 BE Java Developers, 6 AQA specialists, and a .NET Engineer.**

### **Project Account Manager**

Snizhana Khadzhy

Global Recruitment Lead at StaffingPartner

## OUR APPROACH

Not all candidates see themselves working in a startup, so we were ready to face some prejudice in this regard. Mastery of objection handling and the skill of building strong relationships with the best Ukrainian tech experts allowed us to find the perfect match for each position.

Add to that effective candidate screening methods and proven HR interview techniques, and you will get the formula for successful in-house hiring for the R&D office in Ukraine.

## RECRUITER'S COMMENT:

“Closing 15 tech positions simultaneously is a challenging task. But we were excited about the opportunity to build another **strong, motivated, and productive permanent team from scratch**,” said Snizhana Khadzhy, Global Recruitment Lead at StaffingPartner.

## THE OUTCOME

All **15 perfectly skilled specialists** are already contributing to the company's success and helping them to achieve their noble goal - cancer treatment.

## CLIENT'S COMMENT:

“StaffingPartner recruiters were really successful in finding all the candidates we were looking for.

They were **very quick and flexible**, so we got the first candidates in just 2 days.
