SENIOR SDET SPECIALIST FOR CALIFORNIA-BASED EXPERT MARKETPLACE

Company name: JustAnswer

Industry: Experts Marketplace

Location: San Francisco, CA., US

Company size: 1500+ employees

ABOUT JUSTANSWER

JustAnswer is the world's leading expert marketplace.

Around 16 million people use the platform to ask questions in various categories and get answers from experts in those fields.

CLIENT'S REQUEST

The client was looking for **SDET specialists with experience working with Jenkins.**

The ideal candidate must be located in Ukraine to join their tech team as a remote contractor and assist with quality assurance automation.

Project Account Manager

Veronika Pichko

Recruitment Team Lead at StaffingPartner

OUR APPROACH

In many recruiting cases for hard-to-fill positions, we owe our success to combining an in-depth understanding of local talent pools, access to a large talent database, and effective candidate screening methods.

That is how we have managed to find **46 well-skilled SDET specialists** within an impressive time-frame of just **8 weeks.**

RECRUITER'S COMMENT:

“SDET is a **rare and complex skill set**. It combines both QA and DevOps functions, which makes it difficult to find the right specialist for many recruiting agencies.

Considering the need for candidates to also be a good cultural fit, we were excited about the challenge and did our best to identify the **top performers in the Ukrainian market**," said Veronika Pichko, Recruitment Team Lead at StaffingPartner.

THE OUTCOME

Our database of pre-vetted IT professionals (more than 300,000 candidates), and our in-depth understanding of the Ukrainian tech market, allowed us to identify 46 highly-skilled SDET specialists quickly. One of them has received a job offer and is now a part of the JustAnswer tech team.

CLIENT'S COMMENT:

“Working with StaffingPartner specialists was a **great experience** for us and we are looking forward to future cooperation.

Not only did they do a great job recruiting great candidates, but also **conducted tech assessments on their side**. We even used their training service to improve our in-house team's skills in candidate assessment.
