3 MIDDLE/SENIOR B2B MARKETERS, AUTOMATION QA, ANGULAR DEVELOPER FOR IGAMING COMPANY

Company name: Spribe

Industry: Game Development

Location: Tbilisi, Georgia

Company size: 200+ people

ABOUT SPRIBE:

Spribe is focused on innovative iGaming products & casino games. They are up to date with current trends in online gambling.

CLIENT'S REQUEST

The client was primarily looking for C-level candidates for the following positions: Account Manager, Java Developer, Technical Support, and Angular Developer.

OUR APPROACH

Finding skillful candidates from Ukraine who are ready to relocate to Poland is challenging. Due to the professionalism of the recruiters in negotiations, we hired relevant candidates who agreed to relocate.

The client has a specific request, namely Product Manager with a background in SaaS platform development, which is quite unusual. However, due to pro talent search techniques, we found just the right candidate they needed.

RECRUITER'S COMMENT

Ivanna Ivanyshyn

Senior Recruitment Consultant at StaffingPartner

“ *Spribe is all about open communication and quick response. They always respond quickly to our clarifications and provide timely feedback to candidates.* ”

CLIENT'S COMMENT

Tetiana Barabash

HR Manager at Spribe

“ *Thanks to good and effective cooperation with the recruitment specialists at StaffingPartner, we managed to find and hire relevant IT candidates for the gaming platform.* ”

THE OUTCOME

Overall, we closed 3 positions quickly and efficiently in 5 months: B2B Marketing/Event Manager, Automation QA (Java), and Angular Developer. It'll bode well for the future success of company projects.
